Three Year Course

PHILOSOPHY AND PSYCHOLOGY OF EDUCATION

PAPER I

(Kesteven Training College)

Monday 25th March --- 9.30 to 12.30

Answer **four** questions.

1. Consider various approaches to personality testing, making specific references to two schools of thought on the subject.
2. How would you apply the insight gained from your study of concept formation to your classroom practice?
3. Evaluate the assertion that "The American psychologists know a lot about learning in the albino rat, but little about learning in children."
4. Discuss the influence of social factors in the development of human personality.
5. Discuss the main characteristics of social attitudes. Indicate how they may be formed and the conditions under which they may be changed.
